About the Program

Accredited by the International Assembly for Collegiate Business Education (IACBE), our business programs are designed to prepare students for success in leadership and management positions in today's competitive global business environment. Courses are taught by faculty members who instruct and advise their students using a combination of academic and practical, real-world experience. Through the integration of a liberal arts tradition with the University's mercy and justice mission, programs emphasize personal accountability, ethics and moral decision-making. Students learn to think critically and analytically as they are introduced to management theories, business practices and technology that enhance both productivity and the effective utilization of resources in the development of equitable business solutions.

Joint Bachelor's/Master's Degree Program

Salve Regina offers an accelerated program of study that leads to both a bachelor's and a master's degree. This program is designed for the University's highly motivated, academically talented and qualified undergraduates with a recommended GPA of 3.30 or higher, after completing at least 75 credits. Students interested in the joint Bachelor's/Master's degree program may be eligible to pursue a Master's degree in Holistic Leadership, Management, Health Care Administration and Management, and Business Administration. Students may be considered for admission into other master's degree programs at the University. Students should discuss their options with their advisor after earning at least 75 undergraduate credits.
