### Academic Focus

The Summer in Oxford program allows students to earn six credits by choosing two courses from a variety of offerings taught by faculty from Salve Regina University, St. Clare's College, and Oxford University. The program emphasizes experiential learning, with frequent trips to Oxford sites that feature in the readings such as Alice in Wonderland's Port Meadow, Jane Austen's Bath, Christ Church College (the model for Harry Potter's Hogwarts) and the famous Eagle and Child pubs, where C.S. Lewis, J. R. R. Tolkien and their writing club, the Inklings, met to discuss literature and share their latest creative works. Ranging beyond Oxford, students will travel to London and Bath and will take in a play at an exact replica of the Globe Theater, experiencing drama as it was enjoyed in Shakespeare's day. Students will visit other key sites in Oxford and London that support their chosen course's content. In addition, students in the European Financial Markets course will take part in a simulation of the London Stock Exchange and manage a virtual portfolio of international stocks.

### Course Expectations

Faculty leaders may schedule pre-departure meetings and assignments as needed prior to program departure. It is recommended that students in Literature of Oxford begin working on the course's required reading list prior to program departure.
