

Registration Guidelines for First-Year Chemistry and Biochemistry Majors Fall 2018

Full-time undergraduate students register for 12 to 17 credits per semester to earn 120 credits in eight semesters. First-year students in the Chemistry and Biochemistry majors are advised to **register for the following**:

- **UNV101**, University Seminar I (3 credits) and **FYT100**, First Year Seminar (1 credit)
(You will be automatically registered for FYT-100 because it is linked to your UNV-101 choice)
- **CHM113**, General Chemistry I and **CHM113L**, General Chemistry I Lab (4 credits)
- **MTH 201**, Calculus I (3 credits)
- **One or two core courses** (3–6 credits)

REGISTER FOR THE COURSES ABOVE, AND ONE OR TWO FROM THE SUGGESTED CORE COURSES BELOW (14–17 CREDITS TOTAL):

SOCIAL SCIENCES (3 credits)

Students complete two courses from any two of the following disciplines:

Economics (one course)

ECN101 Introductory Macroeconomics

Political Science (one course)

POL115 The American Political System

POL120 How to Rule the World

Psychology (one course)

PSY100 Introduction to Psychology

Sociology and Anthropology (one course)

SOA110 Sociological Imagination

SOA130 Anthropology: Interpreting Cultural Differences

SOA190 Introduction to Archaeology

HISTORY (3 credits)
