Office of Financial Aid

Dear Student,

Several factors, other than income, affect a family's ability to pay for their children's education. These variables include elements such as the size of the family, the age of the parents, unusual medical expenses and the number of dependents attending college or university at the same time. At Salve Regina University, our goal is to equitably distribute limited institutional resources; therefore, it is necessary to verify all aspects of your financial aid application including the college enrollment of your siblings.

You indicated on your FAFSA and/or CSS PROFILE that at least one sibling (brother or sister) is enrolled in college as an undergraduate student this year. Because your financial aid package was based on this information, we require verification of that information in order for you to maintain the aid package you have at present.

- If your sibling did not enroll at a college or university, please contact our office immediately.
- If your sibling is enrolled at a college or university, please forward the enclosed Sibling Enrollment Verification Form to him/her for completion. Your sibling will need to request that a financial aid administrator at his/her institution complete the appropriate section.

Please note that if new information is provided on the Sibling Enrollment Verification Form, we may adjust your financial aid. Information that could change your financial aid includes non-enrollment of sibling, sibling enrolled less than full-time or, a sibling with the following status: in graduate school, receiving financial aid as an independent student, receiving full tuition benefits or enrolled in a service academy.

We must receive the completed Sibling Enrollment Verification Form, on the reverse side of this letter, no later than **September 13**. We have provided a fax number so that the Financial Aid Administrator, at your sibling's school, can fax the completed form to our office. **If you fail to provide this documentation by the indicated deadline, we will assume that your sibling has not enrolled and we will adjust your financial aid package accordingly.**

Should you have any questions about this process, please contact us at (401) 341-2901 or financial_aid@salve.edu.

Sincerely,

Aida Mirante
