## Wireless Network Access for Guests of Salve Regina University

When connecting to Salve Regina's network, here are a few simple steps to make the process a little bit easier. Please follow these instructions for any laptop, tablet, iPad, or cell phone that is not in a resident hall .

1. Open the **Settings** app on your device.
2. In your **settings** app, make sure your **Wi-Fi** is turned on and you select **SRU-Guest** as the wireless network.
  - a. *WiFi symbol often looks like an antenna/service symbol (on Mac's this is usually in the top right corner, on Window PC's this is usually in the bottom right).*
3. When you select the wireless on your computer or phone, a list of connections will appear.

4. You will want to select and connect to **SRU-Guest**.

5. Open a web browser and begin surfing to any webpage. You will be redirected to a page that says "This Connection is Not Private." Choose the link "**Show details**" and at the next redirection choose "**visit this website**" link.
6. You will then be greeted by the Computer and Network Use policy to read and agree to.

7. Once you agree you will be presented with the Registration welcome page. You will need to select "**Click here to continue**" link.

Guests

[Click here to continue.](#)

8. Next, you will be presented with a page requesting your name, reason for visiting, phone number, and email address. Then you select "Continue". You will then be placed onto the Guest network that is accessible for 7 days. On our Guest network, you will not be able to access Salve's Portal and will need to re-register every 7 days.

If you have any further questions or concerns, please feel free to contact the Help Desk at (401) 341-7777 and we will be happy to assist you. We hope you enjoy your stay.
