  - **Psychiatric Mental Health Nurse Practitioner**
- **Master of science in nursing**
  - **Family Nurse Practitioner**
  - **Psychiatric Mental Health Nurse Practitioner**
- **Post-master's certificate**
  - **Family Nurse Practitioner**
  - **Psychiatric Mental Health Nurse Practitioner**

will fulfill state/territory educational requirements for professional licensure or certification (licensure/certification), as indicated in the program disclosure in the table below.

Some state licensing boards require additional requirements beyond education, which may include (but are not limited to): Additional post-graduation examinations or experience, application and licensing fees, criminal background checks, reference checks, fingerprint submissions, etc. Continuing education may also be required for maintenance of licensure or certification. Make sure you understand and review any additional requirements prior to enrolling in the program.

State licensing and certification requirements are always subject to change at the discretion of the state licensing board. The University will routinely update this page, but we strongly recommend you inquire with the applicable state board to confirm your eligibility for licensure or certification prior to enrolling in the program. For any questions regarding licensure or certification, please contact the state/ territory agency directly.

Licensing and certification requirements vary by state/territory and relocating could impact whether you will meet eligibility requirements for licensure/certification. For any questions about relocation eligibility, contact the state agency before relocating to ensure that you will be eligible for licensure/certification or reciprocity.

Carefully review the educational prerequisites for your intended state/territory and whether our program meets those requirements. Use the agency contact information provided below to clarify or confirm any requirements. Students exploring learning placements outside of Rhode Island will need to consult with the program director or department chair for approval.

If you have questions after reviewing the information provided below, contact your academic advisor. While the University can provide initial guidance, it is ultimately your responsibility to continually check with the state/territory where you intend to seek licensure or certification to confirm all requirements.

The state licensing or certification disclosures below indicate if the program curriculum meets the educational requirements in these states and U.S. territories, does not meet the educational requirements in these states and U.S. territories or if the program has not yet determined if the educational requirements are met for these states and U.S. territories.

State by state disclosure table below.
