Audio Visual and Network Cabling Design-Build, New Student Center “Papitto” Pavilion

September 8, 2025

Addendum #1

Clarifications:

1. In reference to Appendix #2, Sheet A201, at column line E, and sheet A600 Elevation 1: the notes describing recessed flat screen monitors is not to be considered a specification requirement for this RFP. This detail is a proposed solution, but other solutions will be entertained.
