As a community that welcomes people of all beliefs, Salve Regina University, a Catholic institution founded by the Sisters of Mercy, seeks wisdom and promotes universal justice.

The university through teaching and research prepares men and women for responsible lives by imparting and expanding knowledge, developing skills, and cultivating enduring values. Through liberal arts and professional programs, students develop their abilities for thinking clearly and creatively, enhance their capacity for sound judgment, and prepare for the challenge of learning throughout their lives.

In keeping with the traditions of the Sisters of Mercy, and recognizing that all people are stewards of God’s creation, the University encourages students to work for a world that is harmonious, just, and merciful.

Salve Regina’s Office of Information Technology has introduced the “Ellucian GO” mobile app for Apple and Android devices, which provides interactive functionality with My Information and My Salve components.

The new mobile application contains features such as Search for Sections, My Grades, My Notifications and My Courses. Students can also sync course schedules to their calendars.

Instructions

- To download the app, students can visit their phone’s app store and download the “Ellucian GO” application.
- Once the app is downloaded, open the app and select “Salve Regina University” from the menu or type “Salve Regina University” into the search tool, to download and display the configuration.
- At the bottom of the app click “Sign In”. Students should use their My Salve login to authenticate, as this allows the app to provide information specific to each user.
- My Grades and My Courses provide course information, including times, and building information, which interfaces with the campus map for directions. Search For Sections allows for browsing classes, as well as adding them to a cart and ultimately registering.
