

Master's in Applied Behavior Analysis

Salve Regina University

Advising Guide

Program Director: Andrea Chait, PhD, BCBA-D, LBA, NCSP (andrea.chait@salve.edu)

The following information will help you select courses to remain on track to graduate. Selecting the correct courses each semester is vitally important because different courses are offered in different semesters. If you miss a core course, it may not be offered again until the following year. If you have any questions or concerns, please contact the program director.

All students must either complete 6 credits of PSY 570 or submit documentation of 1500 hours of BACB approved supervision to graduate. This applies to all students who began courses in the program on or after Fall 2015.

Full Time:

First Year	<i>Fall Semester</i>	<i>Spring Semester</i>	<i>Summer Semester</i>
	<ul style="list-style-type: none"> • PSY 520: ABA Concepts and Principles • PSY 530: ABA Measurement, Data, and Research • Graduate Elective 	<ul style="list-style-type: none"> • PSY 510: ABA Ethics and Professional Conduct • PSY 540: ABA Behavior Change Procedures • Graduate Elective
