Please follow these instructions to change your password for the Salve Email for any iPhone or iPad

1. Open Settings

2. Now scroll down in settings and open Mail, Contacts, Calendars
3. Under Mail, Contacts, Calendars click your account Description “Exchange”

4. Under Exchange choose your Salve Email address
5. Under Domain enter GO and then enter a new password which should be 8 characters or more and then click Done in the upper top corner

6. Now make sure the Mail, Contacts, Calendars, Reminders and Notes sliders are Green. Now you are finished so click your HOME button on your Apple device to return to the main screen.
