Academic Focus

Salve Regina University's Summer in Rome program at the American University of Rome (AUR) allows students to earn 6 credits by choosing two courses from a variety of courses being offered. On-campus and on-site courses offer students a range of possibilities to study in the ancient city of Rome. Students will live in their own, fully equipped apartments, minutes from the center of the old city and the Vatican. AUR offers optional field trips to climb Mt. Vesuvius and visit the ancient city of Pompeii and/or to tour a Tuscan vineyard and visit Renaissance Florence, which will enhance students' appreciation for the Italian people and culture. This is a great program option for students looking to fulfill core complements or anyone studying Art, Film, Business, History or Cultural and Historic Preservation. All courses are taught by AUR faculty. Complete course list for Summer 2015 will be available on the AUR website in November.

Course Expectations

Faculty leaders will schedule pre-departure meetings as needed prior to program departure and will host reflective meetings during the program. All courses begin upon arrival in Rome. All formal course requirements will be determined by AUR faculty.
